

Dec 2020 COVID UPDATE:

- At this time, we are asking that ALL PEOPLE ENTERING THE CLINIC MUST WEAR A MASK/FACE COVER, homemade face covering is acceptable. Due to limited supplies, we are unable to furnish masks for patients. Here is a link from the CDC with a simple solution: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/cloth-face-cover.html>
  - If you have Fever, cough, shortness of breath, been in close contact with someone with Coronavirus (COVID-19) within the past 2 weeks, please hold off coming into the clinic and call our office instead at 616-988-8515.
  - We are continuing other COVID measures, like limiting to 1 adult/ or 1 adult per child, chair spacing, frequent sanitation of high touch surfaces in our waiting area, use hand sanitizers while the clinic etc. screening for potential COVID symptoms.
  - We may have to adjust office hours again based on staffing and will do our best to contact patients for changes in appointment times. Telemedicine option is available.
